MAKEOVER SOLUTIONS

Time For A Building Makeover?

We understand that it's not always feasible or practical to build a new facility when your existing building begins to show its age or isn't as efficient as you'd like it to be. However, as a business owner you know that it is practical to maintain your structure for a number of reasons.

- Increased building value
- Improved employee productivity and morale
- Increased curb appeal
- Lower utility costs
- Lower building maintenance costs
- Improved or expanded operational space
- Reduced carbon footprint

Perhaps it's time for a Building Makeover? Whether you need to repair an old roof or you'd like a new building appearance to inspire your customers and employees, VP Buildings offers a variety of solutions to fit your budget. We can work our magic on a wide variety of buildings ranging from a storage building to a school, retail store, airport hangar or large distribution center. It's as easy as making one phone call to VP. Our team of experts will:

- Put you in touch with a local VP Makeover Specialist
- Schedule a one hour interview to evaluate your building needs
- Offer the optimal solutions, and
- Work with you to establish a budget and time table

Consider a Building Makeover by Varco Pruden at a fraction of the cost of a new building!

Who Do You Trust?

Varco Pruden is a pioneer in steel building design having provided tens of thousands of buildings to satisfied customers over many decades. Varco Pruden continues to lead the industry offering advanced technology solutions for building retrofits, upgrades or expansions. BUILDING ENHANCEMENTS

STRUCTURAL EVALUATION

- Determine what it takes for your facility to meet current business needs
- Help set budget and priorities to complete your project

DAY LIGHTING

- High-tech prismatic skylights provide excellent interior lighting
- Reduce energy costs by eliminating the need for interior lights

AESTHETICS

- Add building value and curb appeal with modern architectural improvements
- Eliminate leaks and improve energy efficiency with roof system retrofit

BUILDING EXPANSIONS

- Give your business room to grow by adding and re-organizing existing facilities
- Improve business efficiency by optimizing work space

WALL RETROFITS

- Improve appearance and efficiency with new metal wall systems
- Lower maintenance and reduce life-cycle costs

ADD VALUE TO YOUR BUSINESS

BUILDING DIAGNOSTICS

- Our experts will help identify problem areas and recommend solutions
- State of the art technology to assure accurate evaluations

THERMAL IMAGING / ENERGY ANALYSIS

- Quantify energy loss caused by moisture infiltration
- Target problem areas for cost-effective repair

ROOF RETROFITS

- Lower maintenance and reduced energy costs
- Create weathertight barrier without removing existing roof

GREEN SUSTAINABLE PRODUCTS

- Utilize steel that lasts longer and can be 100% recycled
- Increase building envelope efficiency and lower energy bills with COOL paint finishes

Your Standards Are Our Standards

Varco Pruden Buildings leads the industry in meeting or exceeding the highest standards of testing and certification.

Higher levels of accreditation are earned through strenuous testing and a commitment to manufacturing excellence.

Architects, specifiers and building owners rely on Varco Pruden Buildings because we meet the most comprehensive testing and compliance standards in the building system industry.

There's more. US Army Corps of Engineers, Miami-Dade County, Underwriters Laboratories to name a few. To see all the standards that Varco Pruden meets or exceeds, visit our website, www.vp.com/About/Certifications.
