Standard Warranty Program

1. Purpose and Scope:

To provide Varco Pruden Buildings (VP) Builders with an industry leading tool to ensure their success and VP's success in an increasingly competitive market. Specifically, this program provides VP Builders the opportunity to offer the building Owner a panel finish warranty up to twenty-five (25) years.

1.1. Key Points:

- a. Finish warranties are available for any panel fabricated by Varco Pruden buildings.
- b. The standard galvalume and KXL warranty comes at no additional cost and will be sent out to the builders when the job ships by your local Project Manager/ Project Assistant.
- c. **Special Color warranties will vary on a per job basis, and will not be covered under VP Standard Finish Warranty.**
- d. Any claim resulting from a finish issue must have a copy of the fully executed warranty and all maintenance documents in order for VP to process a claim. Contact your regional general manager if these forms are not available. Contact the warranty administrator upon notification of a finish claim or mail your claim information to: *Varco Pruden Buildings 3200 Players Club Circle, Memphis, TN 38125 ATTN: Warranty Administrator.*

2. Warranty:

See the warranty document for all special considerations and exclusions. The warranty only covers replacement of the defective material. All material is to be inspected upon delivery for any defects in the material or workmanship of the material. Installation of defective material will not be at the responsibility of VP to replace or repair. Per VP's warranty, Builder assumes all obligations for labor and equipment and VP is responsible for replacement material per the terms of the warranty.

3. VP Command Pricing:

- a. Pricing for warranties are to be added to "Additional Pricing" located under the Pricing tab in VP command.
- b. Select "Warranty" from the category selection box and in the description area specify the warranty being purchased. *(see descriptions below)*
- c. Construction Tech. fees are to be added separately from warranty dollars as a Miscellaneous fee under Additional Pricing.

5. Direct Sales Projects:

- a. It is the responsibility of the Varco Pruden project manager to either complete the warranty documents for the customer or forward the request to the warranty administrator to be completed and sent to the customer and is responsible for following up on the signed contract after the completed and approved roof inspection.
- b. The VP rep is to add the warranty to the central tracking of for tracking all requirements of CVP internal guidelines.
- c. The owner, erector or general contractor must take on the responsibilities as noted on the VP warranty where the term “Builder” is used. If the appointed company that signs the warranty fails to perform the requirements as “Builder” the warranty becomes void and VP assumes no further obligation under such warranty terms.

Note: When filling out the warranties for Direct Sales, where it indicates “BLDR #”, please type “DIR” in that area for Direct Sale.
